Vol. 19, No. 12

December 2019

Create a helpful home

Technology Solutions is smart home headquarters

This holiday, Google and Nest products can help you save energy, keep your family safe and stay connected. And together, they do even more to create a thoughtful home.

Nest Cam indoor and outdoor models keep an eye on what matters to you. It looks for motion and listens for sound. If something is up, it sends an alert to your smartphone. Nest Cams stream securely in 1080p HD. Optional cloud storage maintains recordings for 5, 10 or 30 days and offers a user-friendly interface to review footage on a computer or mobile device.

Smart locks offer convenience and enhance your security by giving you control to decide when people can enter your home. You can also lock or unlock your home from your smartphone. With a smart plug or light bulb, you can use your smartphone to turn on/off lights, set schedules and change light bulb colors.

The Nest Thermostat programs itself and automatically helps you save energy when you're away and can be controlled from anywhere with your smartphone or tablet. Nest Protect smoke and CO alarm looks for fast-burning fires, smoldering fires and carbon monoxide. It tells you where the danger is and alerts your phone in case you're not home.

Bring all of your smart devices together with the Google Home Hub control center or a smart speaker so you can use voice commands to control your smart devices.

F&B's Technology Solutions is an authorized Nest Pro selling and servicing Google and Nest Wi-Fi connected smart home devices. We can help you build a smart home and guide you along the way.

To see a demo or learn how smart home products can improve your life, visit the professionals at Technology Solutions or call (563) 374-1322.

HOMETOWN HOLIDAY SPECIALS:

Avoid the long lines and do your holiday shopping close to home. Check out Technology Solutions' **Holiday Specials** in December for that perfect Christmas gift! Visit www.ts-fbc.com for specials.

Gift certificates are also available. When you give an F&B Communications and Technology Solutions gift certificate, you're helping a loved one stay connected. It can be used to pay for any of our communications services including Internet, TV and phone as well as merchandise at Technology Solutions. Our gift certificates are available in your choice of amounts during regular office hours.

Our sincere thanks for your valued business. We appreciate having you as a customer and look forward to serving you in the coming year. Wishing you and all those close to you a joyous holiday season and a new year full of success.

Happy Holidays!

Lifeline program offers support for broadband connections

Low-income assistance is available on certain F&B broadband Internet packages as part of the federal Lifeline program.

Lifeline is a plan that assists qualified low-income lowans by providing a credit on their monthly service bill of \$9.25.

To be eligible, your income must be at or below 135 percent of the Federal Poverty Guidelines or you qualify for one of several other financial assistance programs.

In addition, you must not currently be receiving Lifeline assistance from another wireline or wireless provider.

For more details and eligibility requirements, call (563) 374-1236, stop by the F&B office in Wheatland or go online at www.fbc-tele.com.

The assistance plan is funded through the federal universal service program.
