JULY/AUGUST 2025

F&B Scholarship Recipient Chosen

Congratulations to Brooklynn Biddle of Calamus-Wheatland High School! She has been awarded the 2025 F&B \$1,000 scholarship in recognition of her academic achievements and dedication to her community. Brooklynn will attend Wartburg College this fall to study biochemistry on a pre-veterinary track. Her parents are Wynn and Erin Biddle. We're proud to support the next generation of leaders from rural Iowa!

103 N. Main St. / P.O. Box 309
Wheatland, IA 52777

COMMUNICATIONS

RIDE HIGH *with our* FIBER INTERNET

THIS AIN'T OUR FIRST RODEO

F&B has been wrangling communications technology since 1907, and we've always worked hard to keep our customers in small towns and rural areas connected. Like cowboys and cowgirls, there's no match for our employees' spirited strength and determination.

In recent years, we've built miles of fiber networks, enabling more people in our territory to gallop through their days with incredibly fast (up to 2 Gig) and reliable fiber internet. Is an upgrade on the horizon for you?

TO RAISE YOUR SPEED, CALL (563) 374-1236
Saddle up and celebrate Independence Day!

Community Is Our Middle Name

Living and working in the same community as your internet service provider (ISP) may be even more beneficial than you realize. F&B offers many advantages over national competitors including these:

- **We know the community.** As your local ISP, we're deeply rooted here and have the connections, relationships, and local knowledge other companies simply do not have. We understand how to get things done efficiently.
- **We lend a hand to help.** As a company and as individual employees, you'll see F&B actively involved in the community through donations and volunteering.
- **We provide personal customer service.** You're not just a customer to us. You're also a neighbor and someone our employees will run into at the grocery store or at community events. We genuinely care about you, your satisfaction, and your success.

F&B is proud to be your local ISP and honored to serve you. To learn more about our community involvement, follow us on Facebook.

Answers to Your Questions About Live TV Streaming

Live TV streaming services — such as DIRECTV STREAM, YouTube TV, fubo, Hulu + Live TV, Philo, and Sling TV — deliver prime-time network shows and sports over your internet connection. That's why they're often referred to as cable replacements.

If you're planning to switch from cable TV to a live TV streaming service, you'll want to do your homework to select the service that will provide the channels you most want to watch. To help you get started, here are the answers to frequently asked questions:

What channels are available through live TV streaming services? Each service offers a different number and variety of channels. To compare, you can visit gostreamnow.com/fbcomm.

How much does a live TV streaming service cost? The price varies from service to service, but the most comprehensive ones cost about \$85.00 per month. This makes live TV services a less expensive alternative to cable.

Can I get a free trial for a live TV streaming service? Yes, many of these services offer free trials. Check their websites for details on current offers.

After I subscribe, how many people in my family can watch a live TV streaming service at the same time? Most services offer subscribers the ability to stream to two or three devices simultaneously.

Will I be locked in a contract? No. Live TV streaming services are all month-to-month with no commitment. You can cancel at any time without penalty.

Which devices can I use to stream live TV? Live TV streaming services work with smartphones, tablets, computers, and streaming devices like Roku, Fire TV, or DIRECTV STREAM's Gemini Air.

For help getting started with streaming and choosing the right streaming services for you, visit our StreamNow guide at gostreamnow.com/fbcomm or contact our office at (563) 374-1236 for a complimentary one-on-one consultation.
